

## CONESTOGA-ROVERS & ASSOCIATES

**Conestoga-Rovers & Associates (CRA)** is a highly successful multi-disciplinary firm, dedicated to providing scientific and engineering solutions to environmental challenges. With over 75 offices located worldwide and more than 2,500 employees; we offer expertise, a proactive approach to project management and a wide array of services across the environmental spectrum.

### **New Available Positions in our Fresno office:**

#### **Engineer – Agriculture**

Release: January 10, 2008

Visit [www.CRAWorld.com](http://www.CRAWorld.com)

**Conestoga-Rovers & Associates (CRA)** has openings in its **Fresno** office for an **Engineer** who aspires to become an active employee in a vibrant, well-established worldwide engineering, environmental, construction, and IT consulting firm. We offer a compensation package fully commensurate with experience.

**Main duties** will be in the areas of manure/wastewater storage, treatment and alternatives; soil/water resource design; surface/groundwater/storm water resources; renewable energy including digester permitting, design, and approvals; and air quality monitoring and mitigation. This may include investigation of irrigation practices, monitoring well installation and monitoring; comprehensive facility planning and design; environmental assessment and auditing; and site characterization and investigation.

#### **What you get to do:**

- Assist in the development of a recommended work plan
- Communicate effectively with the client, regulatory agencies and sub-contractors
- Prepare written reports and tables for submittal to client and regulators
- Responsible for reviewing sub-contractor invoices and client invoices

#### **What we are looking for:**

- BS in Civil, Environmental or Agricultural Engineering
- Agricultural background is an asset
- Knowledge of site investigation techniques such as drilling and sampling, analytical data interpretation, and basic construction and engineering as asset
- Must be able to speak and write clearly and concisely in the English language – excellent oral communication and interpersonal relation skills. Able to listen, interpret and make decisions based on communications
- Requires 0-5 years as an engineer with progressive, relevant experience
- 40-hour OSHA HAZWOPER training preferred but not required
- Professional Registration a plus
- Excellent computer skills, MS Word, Excel

All candidates are required to submit to and pass a post-offer/pre-employment physical, drug test, and background check. All employees must have a valid driver's license, a clean driving record and vehicle to travel to clients/sites.

We offer a competitive compensation package with salary and incentives; complete medical, dental, vision and life/LTD insurance programs; and 401(k) retirement plan with company match! ***If you would like to become part of one of the fastest growing Environmental Consulting Firms in the U.S., please submit your resume, and cover letter to:***
